For the half-year ended 31 December 2020

### **Directors' Report**

Your directors submit their report for the half-year ended 31 December 2020.

#### **Directors**

The names of the Company's directors in office during the half-year and until the date of this report are as below. Directors were in office for this entire period unless otherwise stated.

Bryan Hughes (Chairman)
Malcolm Day (Managing Director)
Hans-Rudolf Moser

#### **Review and Results of Operations**

Group revenue from continuing operations for the half-year increased by 3% to \$9,080,000. The Group recording a net loss attributable to members of \$611,000 from operations after a \$1,104,000 write down of its exploration assets, up from a loss of \$406,000 in the corresponding prior period.

#### Wholesale

Sales in the period continued to increase thanks to the acquisition of new premium suppliers.

A focus on providing premium products and a premium service to suppliers and customers along with the improvement in the Australian / US Dollar exchange rate and cost savings were responsible for the increase in the profitability of the segment.

#### Exploration and Evaluation

The Group's investments in the Highline Cobalt – Copper project in Nevada, USA, and Sunrise Mineral's Rex Vanadium-Uranium project in Colorado, were written down during the period as, due to the prevailing low commodity prices, no substantive expenditure or exploration and evaluation of mineral resources in these areas is currently planned.

The Group is watching the relevant commodity prices closely with a view to reassessing these projects development requirements should the commodity value warrant it.

#### Head Office / Corporate

Head office / corporate expenditure for the half year period decreased from \$662,000 to \$608,000.

#### Impact of COVID-19

The impact of the Coronavirus (COVID-19) pandemic is ongoing and while it has not significantly financially impacted the Group up to 31 December 2020, it is not practicable to estimate the potential impact, positive or negative, after reporting date. The situation continues to evolve and is dependent on measures imposed by the Australian Government and other countries, such as maintaining social distancing requirements, quarantine, travel restrictions and any economic stimulus that may be provided.

During the COVID-19 pandemic the Group has changed operational aspects of its wholesale business such as moving to remote working, where possible to ensure the safety of employees. During the period the Group received Government subsidies relating to PAYG concessions of \$50,000.

The Group has identified its operating segments based on its internal reports and used by the executive team (the chief operating decision makers) in assessing performance and in determining the allocation of resources.

The operating segments are identified by management based on the manner in which the product is sold, whether retail or wholesale, and the nature of the services provided. Discrete financial information about each of these operating businesses is reported to the executive management team on a monthly basis.

The reportable segments are based on aggregated operating segments determined by the similarity of the manner in which the products or services are sold or provided as these are the sources of the Group's major risks and have the most effect on the rates of return.

#### Corporate Charges

Non-segmental expenses, such as head office expenses and expenses that are not directly attributable to a segment and not considered part of the core operations of any segment, are not allocated to operating segments by way of corporate charges and include:

### Report on the half-year financial report to the members of Delecta Limited

#### Conclusion

We have reviewed the accompanying half-year financial report of Delecta Ltd (the Company) and its subsidiaries (collectively the Group), which comprises the statement of financial position as at 31 December 2020, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the consolidated financial position of the Group as at 31 December 2020 and of its consolidated financial performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

#### Directors' responsibility for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

#### Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, anything has come to our attention that causes us to believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the Group's consolidated financial position as at 31 December 2020 and its consolidated financial performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of the Group, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
